the appointment of a Sub-Engineer and the deputation of the Special Duty Sub-Asst Surgeon be met from the above grant, the President requests for an additional grant of Rs 15,000/ out of the reserve under drinking water Wells, grant of Rs 25,108/.

Submitted for orders. It is stated that there are 54 Well Works to be completed and that 29/9/29 there are still 25 villages affected by Guinea Worm Disease for which Wells have to be provided.

29/9/29 It is not clear whether the full amount of Rs 15,000 will be spent during the current year. In case the requirements of other Depts may be promptly met, it appears necessary to sanction an opening out of the reserve amount for the present.

We have granted Rs 15000

28/9/29 Any further grant required may be granted only after the allotted grant is fully spent. It is not likely that all the works taken up will be completed during the year or may have to be spilled during the year. Before making further payments

The Dep Comm & President may be asked to approach Govt for additional funds after the allotted amount is expended. This need may be kept in view to be met out of the balance as far as necessary. This will give us some time and will also enable us to know if any funds from other sources become available for appropriation

In the circumstances stated an add grant of 10000 Rs may be sanctioned. It will not do to sanction add funds after the present grant is actually spent.

Bills for work will be coming in late in the year, when add funds for new works cannot be made use of.

Sir,

With reference to Govt. order No. 1483-1500 V.P. 18-29-2 dated 28th August 1929 sanctioning a sum of Rs. 15,000/- for guinea worm campaign in this District for the current year, I have the honor to state as follows:--

Government having in their order No. 2929-35/San. 39-27-11 dated 31st August 1928 promised that a sum of Rs. 20,000/- would be ear-marked for this purpose for the next two years. a large number of well works have been sanctioned in expectation of receiving the above grant. So far, 54 well works have been sanctioned serving 49 villages or 66% of the Guinea Worm affected villages in the District, for which payments to the extent of Rs. 15,000/- have been made. They require a further sum of at least Rs. 35,000/- to bring them to completion. This apart, there are still 25 Guinea Worm affected villages in the District for which wells have to be provided.

In these circumstances, the allotment sanctioned for the curren year will not meet the requirements of the incomplete works, much less will it be possible to undertake new works.

For these reasons and in view of the fact that the Government have directed that the cost involved in connection with the appointment of a Sub Engineer and the deputation of the Special Duty Sub Assistant Surgeon be met from the above grant, I request that you may be pleased to obtain sanction of Government for an additional grant of Rs. 15,000/- as already requested in my letter No. 14 L.F. 29-30 dated 5th August 1929 out of the balance of Rs. 25,100 referred to in Government order under
